The European Sustainable Industry Summit

25-26 JUNE 2024,
BRUSSELS

Bringing together the European Industry Ecosystem for Sustainability Action & Impact

The European industry is at a pivotal moment, grappling with higher stakes than ever before in the run to reach carbon-neutrality by 2050 while transitioning to become fully sustainable, human-centric, and resilient. However, to be able to live up to these expectations, policymakers and companies have to work hand-in-hand to safeguard and promote the European industrialisation and the engagement of the European companies around the world.

ABOUT THE EVENT

CSR Europe's flagship event, [the European SDG Summit](#) returns back in person under the new guise of the **European Sustainable Industry Summit**. As businesses grapple with the multifaceted challenges posed by the green and digital transition, the Summit's revamped edition emerges as a beacon of inspiration and collaboration for sustainability impact.

This exclusive in-person event offers a unique opportunity for European businesses to connect with EU leaders emerging from the June elections. More than just a networking platform, the Summit fosters companies' commitment to collectively shape a resilient,

inclusive, and environmentally responsible industry in the years to come.

Spanning two days, CSR Europe presents a dynamic agenda featuring a high-level plenary, sustainability roundtables, and practical business cases. The focus will be on sharing best practices and effective strategies that can empower European businesses and enhance their competitiveness. Against the backdrop of increasing sino-american competition, Russia's expansionistic ambitions, and growing societal polarization, the summit emerges as a critical space for multi-stakeholder dialogue and collaboration.

ABOUT CSR EUROPE

CSR Europe is the leading European business network for Corporate Sustainability and Responsibility.

With our corporate members, National Partner Organisations (NPOs), and Associated Partners, we unite, inspire & support over 10,000 enterprises at local, European and global level.

We support businesses & industry sectors in their transformation and collaboration towards practical solutions and sustainable growth. We are for systemic change. Following the SDGs, we want to co-build with the European leaders and stakeholders an overarching strategy for a Sustainable Europe 2030.
