Is your Climate Related Disclosure fit for Impactful Investment?

In order to efficiently direct capital to investments useful for climate change mitigation and adaptation measures, companies need to include Climate-related financial disclosure into their reporting. However, only around 25% of companies disclose information aligned with the criteria set by the Task Force for Climate Finance Disclosure. [Discover how to manage Corporate Climate Impact and register to the technical workshop co-hosted by CSR Europe and the European Investment Bank on 13 November.](#) [Read More](#)
