**About the European SDG Summit:** This Plenary Session is part of the European SDG Summit that aims to connect +5000 Actors through Plenary sessions and +40 European and National Roundtables ([see full programme](#)). The Summit objective is clear: in response to the COVID-19 pandemic and 380 CEO that called for [an overarching Sustainable Europe 2030 Strategy](#), the event will give the floor to public, private and civil leaders eager to couple strategic EU policy-direction with collaborative solutions that protect Life and Earth, following the UN SDGs and leaving no one behind. The results of the Summit will become a foundational source for the European Pact for Sustainable Industry that will be inaugurated at this occasion
