

CONTEXT

Following the release of the Corporate Sustainability Due Diligence Directive (CS3D) proposal by the European Commission in February 2022, the legislative process has progressed amid varying legislative positions, perspectives, and intense debates involving civil society representatives, businesses, and governments.

ABOUT THE EVENT

This meeting aims to offer participants insights into the CS3D, outlining its key components and examining the anticipated impacts on businesses. It will also shed light on the forthcoming steps that businesses need to take to ensure compliance. The webinar will delve into the optimal strategies for companies moving forward.

The masterclass will place a special emphasis on reporting, exploring how companies will be mandated to disclose their value chain information and activities, in line with the requirements set forth by the Corporate Sustainability Reporting Directive and the European Sustainability Reporting Standards.

Join this session to:

- Understand the key elements of the agreed Corporate Sustainability Due Diligence Directive (CS3D)
- Acknowledge the CS3D's imminent impact on businesses and learn key elements to formulate proactive compliance strategies.
- Gain insights into the reporting obligations, aligning with the Corporate Sustainability Reporting Directive and European Sustainability Reporting Standards, for transparent and responsible corporate practices.

WHO SHOULD ATTEND:

- Sustainability officers
- Procurement officers
- Public Affairs Managers
- CSR Managers
