

## AGENDA

# OPEN WEBINAR – Business and the War in Ukraine

11.03.2022, 11:00-12:30 CET

In collaboration with the Czech and Polish CSR Networks:

## CONTEXT

In the light of the war in Ukraine, the Board of CSR Europe urges all stakeholders to act upon their **Collective Social Responsibility**. There is an immediate need to work towards fundamental respect of the rule of law, safeguarding human rights, and restoring an open, respectful, and sustainable society. Governments, companies, and civil society need to work together to make the words of the UN Secretary-General, Antonio Guterres, a reality: it's not too late to save this generation from the scourge of war.

This is a question we need to ask ourselves, especially since CSR Ukraine is a member of CSR Europe and several of our National Partner Organisation (NPOs), bordering Ukraine, are acting now. At the same time, several companies have started to take different actions, for instance towards their employees in Ukraine, in support of refugees, reconsidering their business in Russia.

## ABOUT THE EVENT

This **open webinar** will bring together companies and National Partner Organisations that are part of the CSR Europe network for an **explorative roundtable to see what can be done and how we can collaborate in the face of the ongoing war in Ukraine**.

Join us in this open webinar to learn about current practices and find out what companies and National Partner Organisations are doing now to:

1. Support the people under attack in Ukraine
2. Care for employees, their families, and suppliers operating in the country
3. Support refugees, both in terms of care and access to income and jobs
4. Take actions towards Russia and Russian companies with regards to their own affiliates; sales & supply restrictions; divestments

### Who should join:

- CSR Europe National Partner Organisations
- Companies
- Business associations

### For more information:
