

CSR Europe's EU Webinar

Corporate Climate-Related Reporting: European Lab at EFRAG. Vol II

25 September 2019, 2:00-3:00 PM

Last June, the European Commission published an update to the Non-Binding guidelines on non-Financial Reporting, which focuses on the disclosure on climate-related information. The new guidelines enrich the field of reporting practices on climate, on which the Project Task Force (PTF) on Climate-Related Reporting of the European Lab for Corporate Reporting has been working over the last months. The PTF has now reached full speed, and the first results of its work will be available in September.

CSR Europe is organising this webinar to give its members the possibility to be among the first ones to get some insights and a first assessment of the main findings by the members of the Task Force.

Join the CSR Europe's EU Webinar, in order to:

- ✓ Access the first-hand experience of our experts from the CRR Project Task force
- ✓ Share your positions, challenges, and concerns on climate-related information disclosure
- ✓ Get results of the analysis by the Task Force

TIME	AGENDA	SPEAKER
14:00-14:05	Welcome	Paula Byrne, CSR Europe
