

How can SMEs contribute through their apprenticeships programmes to the Agenda 2030?

Apprenticeships are a valuable tool to implement the 2030 Agenda for Sustainable Development. Key drivers of sustainability, apprenticeships are not only related to SDG 4, Quality education, but they are a useful mechanism to advance in the consecution of the SDGs.

This webinar intends to explore the role of apprenticeships as promoter of sustainable development. The approach is to analyse this role through SMEs contribution. As 99% of the companies in the European Union are SMEs, they have a crucial role promoting sustainability.

Join this webinar in order to:

- ✓ Learn more about apprenticeships as key drivers of sustainability, advancing in the implementation of the Agenda 2030;
- ✓ Learn more on the role of promoting sustainability through their apprenticeships programmes
