

EUROPEAN BUSINESS CAMPAIGN FOR SUSTAINABLE LIVING IN CITIES

In March 2014, CSR Europe, with the support of ICLEI – Local Government for Sustainability, launched its 3-year European Campaign on [Sustainable Living in Cities](#), which has the goal of bringing businesses closer to city actors to work on developing, reviewing and fine-tuning local sustainability strategies through multi-stakeholder urban alliances.

As a key stakeholder in sustainable urban development, we would like to invite you to engage with us in order to achieve a real impact in transforming European cities into sustainable communities. As a leader in sustainable urban development, there are many different ways that you can engage:

Speak, attend or engage your local affiliates at our National Workshops across Europe

Several national business platforms are preparing national or regional workshops for cities, companies, and other urban stakeholders to demonstrate what constitutes an effective city-business alliance. Please let us know **by the end of June** which national workshops you would like to **speak at, attend or engage your local affiliates in**.

Policy Seminars and High Level Events

[baseEUcities](#) – 27-29 October 2015, Brussels

The baseEUcities is a 3-day exhibition, with around 550 exhibitors split across sectors including: 100 cities, more than 100 leading companies, smart cities solutions providers, financial institutions, investors, universities, NGOs, start-ups and innovators. As a strategic partner of the baseEUcities, CSR Europe will organise a half-day conference during the three-day event. CSR Europe's corporate members have the opportunity to be represented with a booth and to join the conference at the EXPO halls in Brussels. [Watch the Base video.](#)

[Enterprise 2020 Summit](#) –16-17 November 2015, Brussels

Witness how forward-looking companies and their partners are working together with cities across Europe to develop innovative and sustainable products and services to benefit society. The summit will see several parallel sessions on city-business alliances, which are organised by CSR Europe's National Partner Organisations.
